

Product Information

CT #431

General Purpose Heavy Duty Black Vinyl Electrical Tape

431 is a general purpose, heavy duty, flame retardant, 10 mil, and black vinyl electrical tape with high dielectric strength. It provides maximum performance in mechanical and electrical applications.

Application:

- Maximum performance in mechanical and electrical applications
- Primary insulation for splices of not more than 600 volts
- Heavier thickness results in quicker build up and added protection

TECHNICAL DATA

| | |
|------------------------------------|-----------------------------------|
| Substrate | Black Vinyl |
| Thickness | 10 MILS (0.254 mm) |
| Adhesion to Steel | 18 oz/in (0.19 kg/25mm) |
| Tensile Strength | 26 lbs/in (11.8 kg/25mm) |
| Elongation (% at Break) | 200 |
| Temperature Rating | 14°F to 126°F (-10°C to 80°C) |
| Dielectric Strength | 10,000 Volts 9,000 Volts (wet) |
| Insulation Resistance | 1x10 ⁶ MΩ |

The data provided are nominal values based on PSTC, ASTM, and other standard tests. The data should not be considered specifications.
