

## Product Information

### CT 320 Double-Coated Tissue Paper Tape

#### Description:

A thin, conformable, lightweight tissue paper, coated on both sides with a high tack, moderate shear synthetic rubber-based adhesive system. The tissue carrier offers easy tear and conformability.

Applications where a high degree of quick stick and conformability are necessary. This product adheres well to a wide variety of substrates including difficult surfaces. The tissue carrier is easily die cut. Bonds well to cork, felt, flannel, and cloth. Also excellent for general purpose applications and splicing textiles, paper and plastics.

#### Application:

- Bonding and laminating to a wide variety of cloths, corks, papers, rigid and flexible plastics.
- For splicing, mounting, displays, signs, posters, mirrors, nameplates, and decorative wall products.
