

Product Information

CT #728

Premium Grade Reinforcing Film Tape

728 is a premium grade, clear tensilized Vylon film tape with a high grade emulsion acrylic adhesive. The easy release of the tape facilitates use of wide widths and automatic equipment.

Application:

- Easy release
- Highly resistant to chemicals, resins, corrosion, mildew, bacteria, and fungi
- Wide temperature range

TECHNICAL DATA

Adhesive	High Grade Emulsion Acrylic
-----------------	-----------------------------

Substrate	Clear Tensilized Vylon Film
------------------	-----------------------------

Thickness	2.7 Mils
------------------	----------

Adhesion to Steel	30 oz/in
--------------------------	----------

Tensile Strength	90 lbs/in
-------------------------	-----------

Elongation (% at Break)	40
-----------------------------------	----

Operating Temperature	-30°F to 200°F (-34°C to 93.3°C)
------------------------------	-------------------------------------

Application Temperature	32°F to 150°F (0°C to 65.6°C)
--------------------------------	----------------------------------

The data provided are nominal values based on PSTC, ASTM, and other standard tests. The data should not be considered specifications.
