

## **Product Information**

#### **TECHNICAL DATA**

### CT #896

# Flexible Fine Cell Gasketing Foam Tape

896 is a 3/8 inch thick, flexible fine cell foam tape (low 2 pound density) designed for automotive gasketing applications, especially for RV doors. The high-tack permanent rubber-based pressure sensitive adhesive exhibits a superior balance of tack, peel, and holding power on a wide variety of surfaces. 896 offers resistance to water and moisture, has very good air permeability, and remain flexible over a long period of demanding usage. It is also available in other thicknesses.

### Application:

- Foam with high flexibility and good recovery for a variety of applications including gasketing, insulation, and sound dampening
- Resists aging, weather, and environmental damage over long term
- Automotive and RV door gasketing

**Adhesive** Rubber-Based
